

The OWCN Mission

Providing the best achievable care to oil-affected wildlife by partnering with management agencies, universities, industry, and rehabilitation groups.

OWCN Annual Rehabilitation Conference Oilapalooza 2010

UC Davis Conference Center and
Walter A. Buehler Alumni & Visitor Center
University of California, Davis
October 2–3, 2010

Oiled Wildlife Care Network

UC Davis Wildlife Health Center

Saturday, October 2, 2010

0730	Registration and Continental Breakfast
0830	Welcome — Jonna Mazet UC Davis Wildlife Health Center
0845	Programmatic Updates Mike Ziccardi, UC Davis OWCN
0900	Member Updates
0945	Questions
1000	Break
Session 1	The Basics
1020	Oil Spill Response in California: Where Does OWCN Fit In? Laird Henkel, Office of Spill Prevention and Response, CDFG
1040	Efficacy of Rehabilitating Oiled Birds: Review of Post-Release Studies Nils Warnock, Audubon Alaska
1100	Media and Public Relations Sylvia Wright, UC Davis News Service
1120	Hazwoper Refresher Mike Ziccardi, UC Davis OWCN
1140	Questions
1200	Lunch
Session 2	Stabilization and Supportive Care
1320	Fluid Therapy Christine Fiorello, UC Davis OWCN
1340	Stabilization Protocol Update Greg Massey, NC State College of Veterinary Medicine
1400	Avian First Aid Christine Fiorello, UC Davis OWCN
1420	Marine Mammal Stabilization Frances Gulland/Vanessa Fravel, The Marine Mammal Center
1440	Questions
1450	Break
Session 3	Disease Updates and Emerging Issues
1510	Advances in the Prevention & Treatment of Aspergillosis? Greg Massey, NC State College of Veterinary Medicine
1530	Pelican Mystery Event Julie Skoglund, International Bird Rescue Research Center (IBRRC)
1550	Streptococcal Endocarditis in Sea Otters Barbara Byrne, UC Davis School of Veterinary Medicine
1610	October 2009 North Coast Algae Event Review Michelle Bellizzi, IBRRC
1630	Questions
1700	RECEPTION at Alumni and Visitor Center

Sunday, October 3, 2010

0730	Continental Breakfast
Session 4	Post-release and Mortality Studies
0830	Post-release Survival, Habitat Use Patterns, and Reproductive Success of Surrogate-reared Juvenile Southern Sea Otters Karl Mayer, Monterey Bay Aquarium
0850	Surf Scoter I Rick Golightly, Humboldt State University
0910	Post-release Survival of Surf Scoters in the Cosco Busan Oil Spill on San Francisco Bay Susan de la Cruz, USGS San Francisco Bay Estuary Field Station
0930	Documenting Chronic Oiling and Other Mortality Factors in Marine Birds in Central California Colleen Young, Marine Wildlife Veterinary Care & Research Center, CDFG
0950	Wildlife Response 101 Curt Clumpner, International Bird Rescue Research Center
1010	Questions
1020	Break
Session 5	Research and Rehabilitation on the Cutting Edge
1040	Changes in Body Composition Associated with Emaciation and Inflammation in Seabirds Becky Duerr, UC Davis Animal Science and IBRRC
1100	UPS System/Handheld PCs Mike Dutra, United Parcel Service
1120	Avian Immunity Kirk Klasing, UC Davis Animal Science
1140	Thermography as a Tool for Rehabilitation Research in Marine Birds and Sea Otters Hannah Nevins, Marine Wildlife Veterinary Care & Research Center, CDFG
1200	Questions
1210	Lunch
Session 6	Lessons Learned in the Gulf
1330	Panel Discussion
